GENERAL ANNOUNCEMENTS

1. Welcome to Augusta College. We hope that your time spent here will be both profitable and enjoyable. Please feel free to call on us for any advice or assistance concerning your work or credit. We are located in the Administration Building on Mondays and Thursdays from 5:30 p. m. to 11:00 p. m. Ask for Mrs. Catherine Otwell or Mr. George B. Cooke.
2. All motor vehicles driven on the Augusta College Campus by Augusta College and University of Georgia Extension students must be registered in the Comptroller's Office. All automobiles must display an Augusta College parking permit on the lower right windshield. These permits can be obtained at a later announced date.

FACULTY

1. PLEASE READ THE GENERAL ANNOUNCEMENTS TO YOUR CLASS EACH EVENING. Failure to do so could result in great hardship for a student.
2. 11th Period Instructors: Please dismiss your students this evening in time for them to purchase books so that valuable time will not be lost next week.
12th Period Instructors: Hold your class no longer than 10 minutes before dismissing students to buy books. Bookstore will close at 9:00 p. m. You may, of course, ask students to return to class after purchasing books.
3. Room assignments are listed on attached sheet.
4. Initial Class Roll is attached.

THE FUTURE

The future is a vast and uncharted territory, a landscape of possibilities and challenges. It is a place where the dreams of today become the realities of tomorrow. The future is not a fixed destination, but a path that we create through our actions and choices. It is a place where we can build a better world, one that is more just, more equitable, and more sustainable. The future is a place where we can leave a legacy, one that inspires and uplifts generations to come. The future is a place where we can make a difference, one that counts. The future is a place where we can hope, one that gives us the strength to overcome our fears and face our challenges. The future is a place where we can believe, one that gives us the courage to dream and the wisdom to act. The future is a place where we can live, one that is full of life and meaning. The future is a place where we can love, one that is full of compassion and understanding. The future is a place where we can be, one that is full of our true selves. The future is a place where we can be the change we want to see in the world. The future is a place where we can be the best that we are. The future is a place where we can be the future.

The first part of the paper is devoted to the study of the properties of the function $f(x)$ defined by the equation

$$f(x) = \int_0^x \frac{1}{1+t^2} dt$$

It is shown that the function $f(x)$ is increasing and concave down on the interval $(-\infty, \infty)$. The maximum value of the function is $\frac{\pi}{2}$ and the minimum value is $-\frac{\pi}{2}$.

In the second part of the paper, we consider the function $g(x)$ defined by the equation

$$g(x) = \int_0^x \frac{1}{1+t^4} dt$$

It is shown that the function $g(x)$ is increasing and concave down on the interval $(-\infty, \infty)$. The maximum value of the function is $\frac{\pi}{4}$ and the minimum value is $-\frac{\pi}{4}$.

Finally, we consider the function $h(x)$ defined by the equation

$$h(x) = \int_0^x \frac{1}{1+t^6} dt$$

It is shown that the function $h(x)$ is increasing and concave down on the interval $(-\infty, \infty)$. The maximum value of the function is $\frac{\pi}{6}$ and the minimum value is $-\frac{\pi}{6}$.
